

Profile

Missouri Environmental Management Partnership (MEMP)

Fred Weber – North Complex

**2320 Creve Coeur Mill Rd
Maryland Heights, MO 63043**

Partnership Level: Partner

Participation Conditions Statement

I certify that:

- I have read and agree to fulfill the participation conditions of the Missouri Environmental Management Partnership program which include:
 - implementation of an environmental management system that conforms to MEMP guidelines,
 - continual improvement of environmental performance,
 - submission of an annual report, and
 - acceptance of on-site evaluations of the environmental management system by the Department of Natural Resources personnel.
- I have personally examined and am familiar with the information contained in this application. The information contained in this application is, to the best of my knowledge and based on reasonable inquiry, true, accurate, and complete, and I have no reason to believe the facility would not meet all program requirements;
- My facility has conducted an objective assessment of its compliance with all applicable federal, state and local environmental requirements, and the facility has corrected identified instances of noncompliance or has a corrective action plan and schedule for achieving compliance in place for identified situations not already corrected;
- As part of our environmental regulatory system, my facility has a compliance-monitoring program to ensure future incidences of non-compliance will be addressed through appropriate corrective action.

I understand that my organization may voluntarily withdraw at any time during review of the application or after joining the Missouri Environmental Management Partnership by writing the department director.

I acknowledge that the Department of Natural Resources may accept participants into or remove them from the Missouri Environmental Management Partnership program.

I am fully authorized to execute this statement on behalf of my organization.

Fred Weber, Inc. (FWI) facility conducts Limestone mining in order to provide crushed rock for its asphalt and concrete production services. FWI also has a fully functional landfill that disposes of millions of tons of waste as well as converting the resulting gas emissions into energy. In addition, the North Complex includes the cooperative offices, a Quality Control Lab, and a “shop”.

Fred Weber, Inc. facility has approximately 200 employees currently working.
